Partnering Conference

The invitation

Dear madam/sir,

In order to strengthen cultural and educational exchanges and cooperation with countries and regions along the "Belt and Road", to help the continuous development of the "Study in Anhui" program in our province, and to build a two-way cooperation channel between universities in the province and overseas universities, middle schools and local educational institutions, Anhui Foreign Student Education Management Association, Huali Cloud Expo and Anhui YiChina Media Technology Co., Ltd. will jointly host the "2022 Anhui International Sister-city Education Partnering Conference". We will conduct efficient partnering with overseas through the advanced "Cloud Conference and Exhibition" platform, and will hold a collective signing ceremony of (intentional) cooperation projects in Hefei, Anhui Province from April 23-24.

Our purpose for holding the exhibition: First is to promote international education exchange projects that have been suspended due to factors such as the epidemic, space or communication methods; the second is to sign a new batch of cooperative projects through joint exhibitions and exchanges with colleges and universities in sister cities of our province; the third is to attract scholars from all over the world to study in Anhui, and to build a "study in Anhui" brand; the fourth is to expand the opportunities for young students from our province to study abroad by attracting well-known overseas institutions to come to Anhui to participate in the exhibition and admission.

The "2022 Anhui International Sister-city Education Partnering Conference" and the "2022 Overseas Schools (Agencies) Admissions Seminar" will carefully screen and invite 30 Anhui colleges and universities and 90 overseas colleges and universities (authorized agencies) to participate. We will assist exhibitors at home and abroad to complete the live broadcast of the "Cloud Expo" global tour, and the total number of visitors during the exhibition will exceed 1 million. We will provide follow-up services to facilitate the signing of the two parties with intentions and invite overseas colleges and universities to come to Hefei, Anhui to participate the offline education exhibition on April 23-24.

Sister-cities with deep friendship, education in Anhui with openness and cooperativeness, welcome to the "2022 Anhui International Sister-city Education Partnering Conference" and welcome to Anhui!

Eight Reasons to Study in Anhui

• Anhui has a thriving scientific and educational scene. There are 115 colleges and universities and more than 4,000 research institutions of various types.

• Variety of scholarships and grants.

• Vibrant social environment and good international atmosphere.

• Convenient transportation, with high-speed rail connections in every city, with an operating mileage of 2,329 kilometers, ranking first in the country.

• The tuition and living expenses for studying in Anhui are on average more than one-third lower than those of other provinces in China.

• Three mountains, three rivers and two lakes interweave a wonderful territory. Geography, literature, religion, culture and other fields are blooming.

• A wide range of career opportunities and numerous internship opportunities.

• Beautiful and spectacular natural scenery. A dazzling array of Anhui delicacies.

Advantages of the Exhibition

The "2022 Anhui International Sister-city Education Partnering Conference" will invite 30 Anhui colleges and universities with obvious discipline characteristics and a good foundation for international cooperation to connect with 90 overseas colleges (1:3 ratio between Chinese and foreign colleges). We will focus on assisting the docking of educational resources in Anhui's international sister cities with colleges and universities in Anhui Province. Under the direct leadership of the organizing committee, we will work together to assist exhibitors at home and abroad to complete the "Cloud Expo" global tour live broadcast, one-to-one negotiation. We will provide follow-up services to facilitate the signing of the intentional parties, and we will connect with foreign affairs workers, translators, exhibitions and foreign-related enterprises across the province, and vigorously invite overseas colleges and universities to come to Hefei, Anhui to participate in the offline education exhibition on April 23-24.
